Important Notes—Please Read Carefully:

The state requires academic interventions for students who demonstrate a need for additional academic assistance. In order to maximize student achievement, students in need of assistance will be reassigned to an academic intervention class in lieu of an elective. While every attempt will be made to honor students' elective requests, budget and enrollment considerations may affect course availability and offerings. Change of mind requests will not be permitted after school begins. Students who do not choose alternates will have alternates selected by his/her counselor. Elective courses are subject to change or cancellation. By signing below, we commit that these are the courses we request to be scheduled for the 2016-2017 academic year. We understand that school resources will be allocated based on these choices.
